

Would your group like to hold fundraising events?

Does the lack of affordable Public Liability Insurance hold you back?

HVA, in conjunction with Zurich insurance and NAVCA, have put together a group insurance scheme that may help.

The scheme is for groups:

- With no paid staff
- A maximum turnover of £10 000

The policy provides an indemnity level of either £2 million or £5 million and is for basic, non hazardous fundraising and information giving events (e.g. no bouncy castles or dangerous stunts)

For an indemnity of £2 million the cost will be £52.50 per annum

For an indemnity of £5 million the cost will be £63.00 per annum

This is a considerable saving on an individual policy. All admin will be done through HVA and we are hoping to start the Scheme in January 2008 (or before if we have enough response).
