

AWM is reviewing the WM Regional Economic Strategy.

This review will be an eighteen month project which started last March 2006. It will require firstly the compilation of a robust evidence base to inform the context, content and direction of the new West Midlands Economic Strategy. You can download a copy of the evidence at <http://www.advantagewm.co.uk/phase-1.html>

The overall phasing and timing of the work required to review and update the WMES through 2006 and into 2007 is as follows:

Phase 1: Build evidence base March to July 2006

Phase 2: Develop policy options August to October 2006

Phase 3: Consult on policy options November 2006 to February 2007

Phase 4: Consult on draft Strategy May to July 2007

Phase 5: Publication April and September 2007
